EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

a. In claim 13, line 7, "the gas bag" was changed to: --a gas bag--; previously in claim 13, upon review, it was found that there is no clear antecedent basis for "the gas bag" in line 7 (the recitation of "a gas bag module" earlier in the claim is not clear antecedent basis for the gas bag because a module may have more than one bag, in which case it would not be clear which bag is the gas bag – even applicant's claim 13 recites "a gas bag" in line 8. By this amendment, claim 13, lines 7-8 are reciting a cover for a gas bag, then a gas bag itself).

b. Similarly, in claim 16, line 7, "the gas bag" was changed to: --a gas bag--.

c. Claim 4 was changed to read,

--Claim 4: The vehicle interior lining assembly according to Claim 1, wherein said second fasteners permanently install both said vehicle interior lining pieces and said gas bag in said vehicle.-- This was necessary because the recitation in claim 4 of fastening means as previously presented was a double inclusion of the second fastening means now recited in claim

1.

2. The following is an examiner's statement of reasons for allowance: Regarding claims 1-6 and 9-10, the prior art does not teach, in combination with the other elements recited in the independent claims, the vehicle interior lining pieces and gas bag module being attached together by first fasteners to form a preassembled unit with the two lining pieces and portions of the gas bag module being displaceable in a longitudinal direction of the lining pieces with respect to each other to align and position the vehicle lining pieces and module in the vehicle as well as second fasteners for securing the vehicle interior lining to the vehicle thereby fastening the module to the vehicle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric D. Culbreth whose telephone number is 571/272-6668. The examiner can normally be reached on Monday-Thursday, 9:30-7:00 alternate Fridays off.
